Dear Customer,

Product safety information for cleaning wipes

Cleaning wipes are intended for the removal of construction chemistry and finishing agent residues from hands and various surfaces, which categories the product under cosmetic products (EC) No 1223/2009 regulation.

Cosmetic product means any substance or mixture intended to be placed in contact with the external parts of the human body.

Product safety data sheets are compiled for substances and mixtures which are in scope with REACH (EC) No 1907/2006 regulation. The REACH regulation shall not apply to cosmetic products. The information relevant to cosmetic products is presented on the product labelling.

Kind regards,

Kaire Taidre
